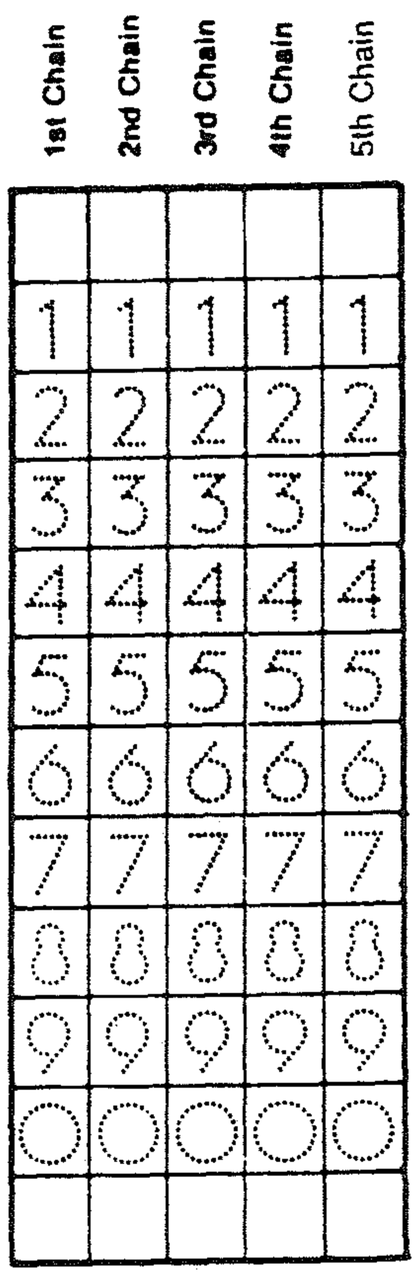
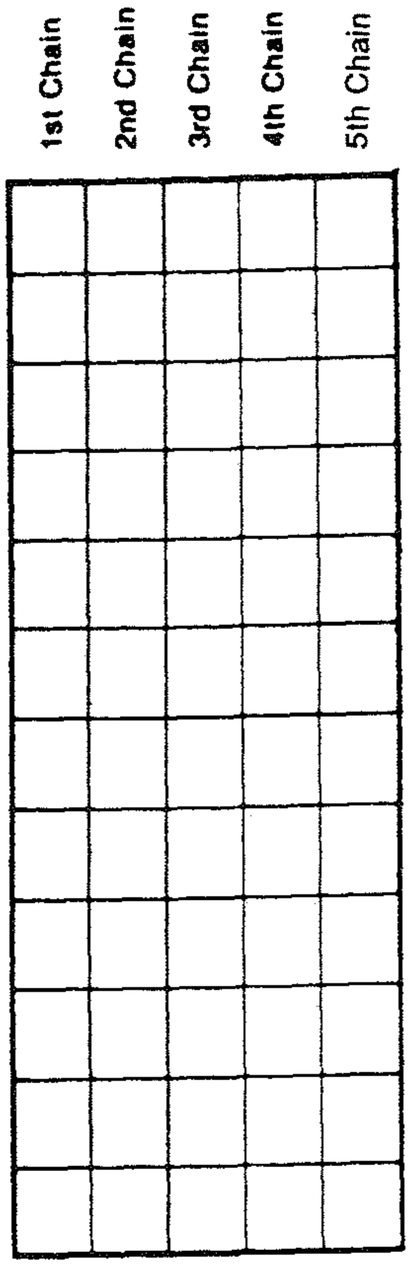
TATTOO STONE OUTFITS
KANSAS CITY MISSOURI

PRO ROTARY TATTOO PLIER

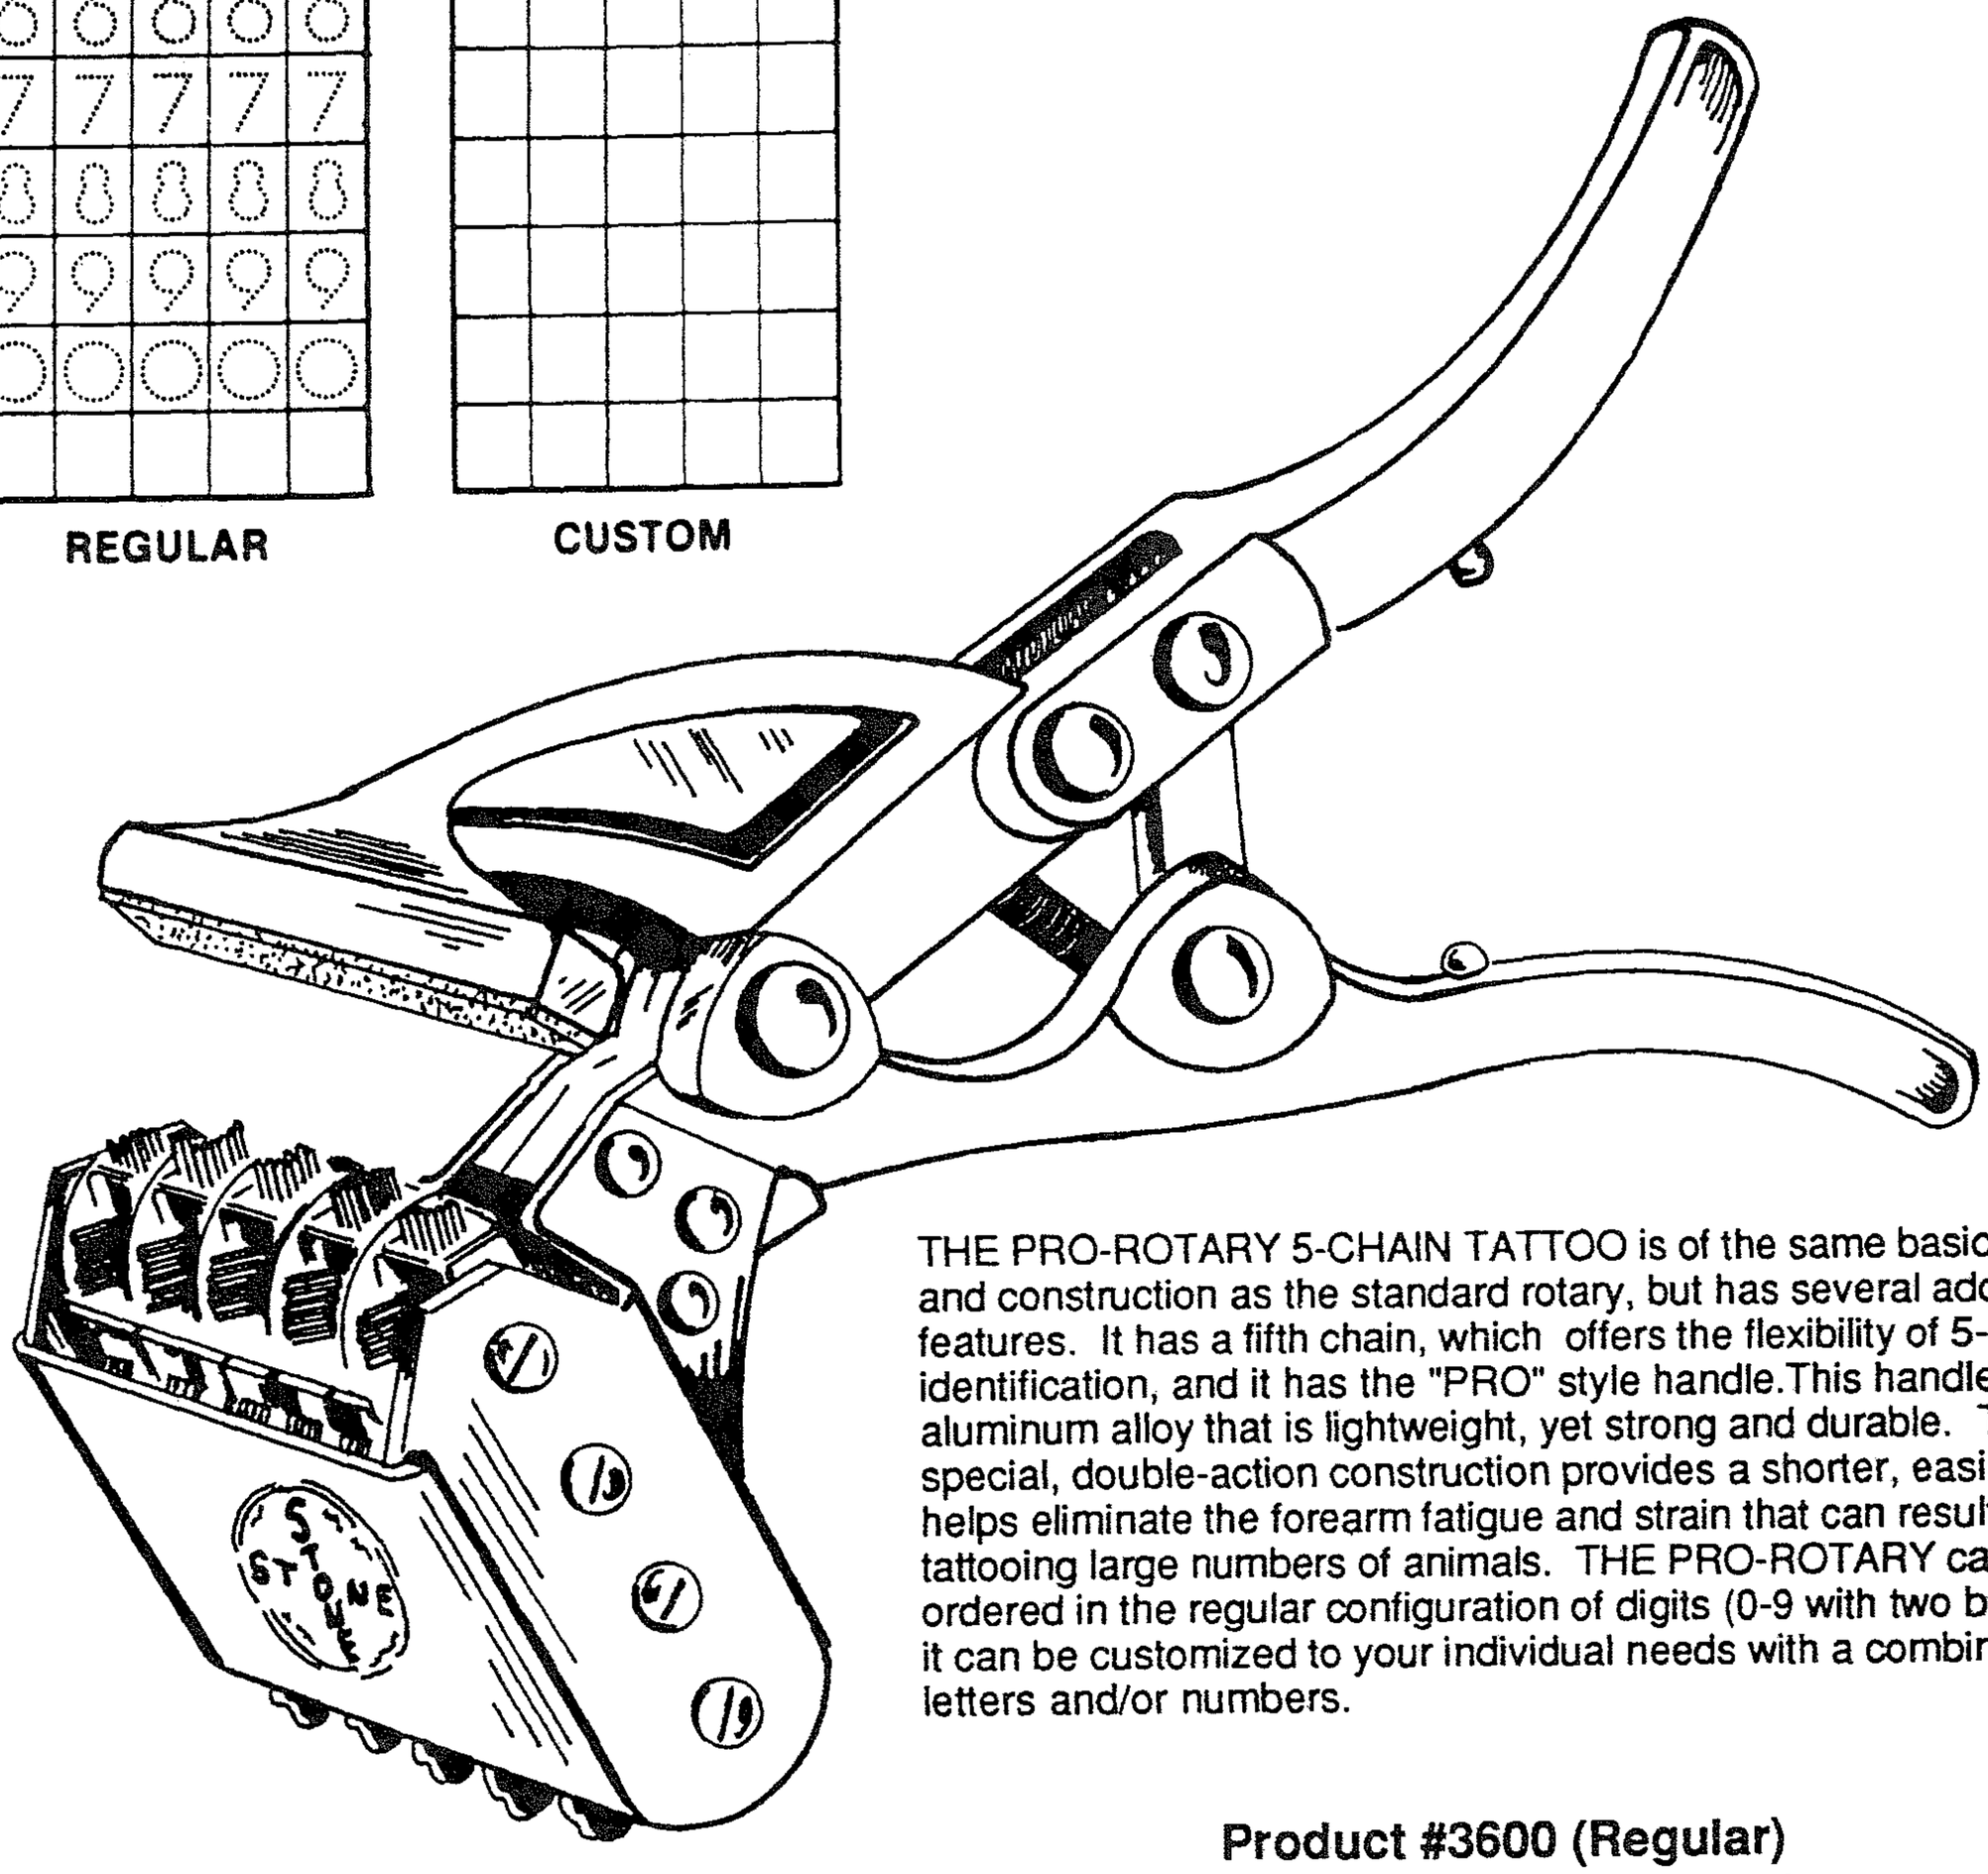
With 50 Plus digits at your fingertips!



REGULAR



CUSTOM



THE PRO-ROTARY 5-CHAIN TATTOO is of the same basic theory and construction as the standard rotary, but has several additional features. It has a fifth chain, which offers the flexibility of 5-digit identification, and it has the "PRO" style handle.This handle is of cast aluminum alloy that is lightweight, yet strong and durable. The special, double-action construction provides a shorter, easier pull. It helps eliminate the forearm fatigue and strain that can result from tattooing large numbers of animals. THE PRO-ROTARY can be ordered in the regular configuration of digits (0-9 with two blanks), or it can be customized to your individual needs with a combination of letters and/or numbers.
