

## Quality Products that Work for You...

Quality comes first at Stone. We've been making handcrafted products for livestock producers since 1932. Over the years we've learned a great deal about quality. You can see it in the meticulous detail and workmanship of our products, and you can feel it in the way they perform.

We know you're only going to choose Stone products if they perform to your complete satisfaction. Above all, we understand that our products must not only make your job safer, easier and more effective, they must also add to your bottom line.

We value quality and performance just as much as you do. The best way to appreciate the true quality of a Stone product is to experience it for yourself. We take pride in making products that work for you.

# Socorex Syringe

## Quality, Precision and Safety

Always give the right dosage with this self-refilling syringe with spring-loaded plunger and 3-way valve. Available in six capacities (0.5ml to 20ml) to meet all your vaccination needs.

- Ergonomic shape, perfect balance for fatigue-free handling.
- Precision volume setting with high dose-to-dose reproducibility.
- Unique hassle-free construction – 6 main parts.
- No O-rings to replace, easy to disassemble, clean and maintain.
- Stainless steel plunger works directly against hard machined glass barrel.
- Fully autoclavable at 248° F.

Easy to disassemble, clean and maintain.  
Only 6 main parts and no O-rings on the plunger.

Only 6  
main parts

## Socorex Work Station Stand

- Custom designed stand for holding the Socorex and the Socorex Twin Syringe. Securely holds the syringe when not in use — keeps it safe, clean and secure.
- Protects the syringe and helps keep the needle clean.
- Constructed of molded nylon composite for durability.

## Socorex Twin Ring Syringe

Unmatched Socorex Quality, Performance and Value

**NEW!**

# 9435

The exact same syringe as the pistol grip model with convenient new twin ring design. Available in 1ml, 2ml, and 5ml syringe sizes.

- Ease in handling syringe around chutes and stanchions
- Straight line actuation reduces user fatigue
- Overall design may aid in reducing repetitive motion syndrome
- Feed tube configuration can be conveniently hung right at the chute
- Barrel tube protector reduces potential breakage
- Twin Ring design allows for excellent control of the syringe while in the working environment
  - Reduces potential of self-injection
  - Enhances ability to administer proper dosage
  - Dramatically reduces possibility of animal caused dosage losses
  - Better control reduces potential of broken needles

## Swine Tattoo Products

### F-100 Tattoo Outfit

Same construction as Stone's Standard model, but designed for Franklin F-100 tattoo digits.

- Includes plier, set of F-100 digits 0-9 and 3 oz. ink jar.

*NOTE: Will make uneven tattoo if mixed with Stone Standard digits, since F-100 has .05" longer needles.*

- Product # 2865** – Tattoo Outfit, WITH positive ear release
- Product # 2855** – Tattoo Outfit, WITHOUT positive ear release
- Product # 2870** – Tattoo PLIER ONLY, WITH positive ear release
- Product # 2860** – Tattoo PLIER ONLY, WITHOUT positive ear release
- Product # 28559** – Tattoo Outfit, WITH ink holder WITHOUT positive ear release
- Product # 28659** – Tattoo Outfit, WITH positive ear release WITH ink holder

### #300 Pet/Pig Tattoo Outfit

Ideal for marking locations too small for standard size plier head. Especially good for rabbits, dogs, cats, chickens and pigs.

- Holds four #300 digits in 1.25" space or six #300 digits in 1.875" space.
- Strong, lightweight aluminum alloy plier.
- Outfit includes plier, set of #300 0-9 digits and ink.

- Product # 3080** – 4-space, #300 Pet Tattoo Outfit, (Black Ink)
- Product # 3090** – 6-space, #300 Pet Tattoo Outfit, (Black Ink)
- Product # 3075** – 4-space, #300 Pig Tattoo Outfit, (Green Ink)
- Product # 3077** – 6-space, #300 Pig Tattoo Outfit, (Green Ink)
- Product # 3085** – 4-space, #300 Tattoo PLIER ONLY
- Product # 3095** – 6-space, #300 Tattoo PLIER ONLY

### Standard 3/8" Tattoo Outfit

Stone's most popular model holds four 3/8" digits.

- Positive ear release lifts ear off needles, prevents scratched tattoos.
- Strong, lightweight aluminum alloy pliers.
- Easy change digits can't be inserted upside down.
- Outfit includes plier, set of 3/8" digits 0-9 and 3 oz. jar of ink.

- Product # 2515** – Tattoo Outfit, WITH positive ear release
- Product # 2505** – Tattoo Outfit, WITHOUT positive ear release
- Product # 2520** – Tattoo PLIER ONLY, WITH positive ear release
- Product # 2510** – Tattoo PLIER ONLY, WITHOUT positive ear release
- Product # 25059** – Tattoo Outfit, WITHOUT positive ear release WITH ink holder
- Product # 25159** – Tattoo Outfit, WITH positive ear release WITH ink holder

### 3/16" Baby Animal Tattoo Outfit

Ideal for marking extremely tight locations and baby animals. Especially good for piglets under 1 week old.

- Plier holds four 3/16" digits in 7/8" space or six 3/16" digits in 1.25" space.
- Strong, lightweight aluminum alloy plier.
- Outfit includes plier, set of 3/16" digits, 0-9 and ink.

- Product # 3110** – 3/16" 4-space, Tattoo Outfit, (Black Ink)
- Product # 3120** – 3/16" 6-space, Tattoo Outfit, (Black Ink)
- Product # 3130** – 3/16" 4-space, Tattoo Outfit, (Green Ink)
- Product # 3140** – 3/16" 6-space, Tattoo Outfit, (Green Ink)
- Product # 3105** – 3/16" 4-space, Tattoo PLIER ONLY
- Product # 3115** – 3/16" 6-space, Tattoo PLIER ONLY

## Swine Tattoo Products

### Body Stamper Tattoo Applicator

Produces permanent tattoo without harming animal.

- Ideal for shoulder marking.
- Strong, lightweight applicator.

**Product # 3310** – Applicator Only – Single Row, Holds either four #300 digits or six 3/16" digits in one row  
**Product # 3320** – Applicator Only – Double Row, Holds either 2 rows of 4 each #300 digits or 2 rows of 6 each 3/16" digits

### Tattoo Work Box

- Convenient storage for equipment, digits and ink.
- Sturdy molded plastic.
- Designed to store and carry two pliers (Rotary and Standard).

**Product # 2600** – Tattoo Work Box

### Tattoo Digits – Precision crafted

- Nickel-plated steel needles set in fiberglass reinforced nylon base. Sharp!
- Available in numbers and letters.

### F-100 Tattoo Digits

- Hardened stainless steel, brushed finish.
- Long tapered jaws allow for easy access to eye teeth.

# 7450

**Product # 7450 – Tapered Jaw Nipper**

## Swine Products

### Posi-Lock™ Hog Holder

# 27610

Toughest hog holder on the market! Quickly snares and holds any weight hog.

- Posi-Lock feature engages automatically anywhere loop is pulled tight, releases at a touch.
- Knurled grip area on holder provides positive non-slip hand-hold, even when wet.
- Tough, flexible, galvanized aircraft cable loop.
- Heavy-duty steel construction with rust-resisting galvanized finish.
- Posi-Grip, slip-resistant, cushioned handle.
- Approx. 25" long.

**Product # 27610 – Posi-Lock Hog Holder**

### Standard Hog Holder

# 27600

Features heavy gauge construction of zinc-plated steel for professional look and long-lasting durability.

- Galvanized aircraft cable loop.
- Approx. 21" long.

**Product # 27600 – Standard Hog Holder**

### Shorty Hog Holder

# 27700

Easy, quick way to control pigs in tight spaces.

- Same heavy duty construction as standard Posi-Lock Hog Holder.
- Comfort-grip rubber handle and Galvanized aircraft cable loop.
- Approx. 8" long.

**Product # 27700 – Shorty Hog Holder**

### Pig Forceps

# 33115

These OB forceps open sideways to help prevent catching uterine lining. Holds piglet by head or hips.

- Convenient. Eliminates using hands to position instrument.
- Stainless steel for effective sanitizing.
- Approximately 23" long.

**Product # 33115 – Pig Forceps**
